The program began in 1937 under Willard Webster before being halted for World War II in 1942. The program was back in 1947 and has been a sport ever since. Currently, Coach Eric Ronan leads the program and is the 16th coach in school history. The Penguins' best conference finish was fourth in 1998 at the Mid-Con meet. Since 1992, Youngstown State has had 12 all-conference selections, including R.J. Pepino as a first-team pick in the Horizon League in 2004. In 2002, freshman Seth Banks was named the Horizon League's Newcomer of the Year.
